

Horseshoe Hotel & Casino

Bossier City, LA

Client: Horseshoe Casinos

Architect: Friedmutter Group

**Contract
Amount:** \$5.5 Million

Theme: 14th Century Madrid, Spain.

Work performed by:

Mirage Builders Senior Staff

Tim Funke, VP Field Operations
Bo Henry, Art Director

Scope: This effort was successfully completed by applying a **Self -Performed** scheduling approach to a very difficult timeline.

- The retail shops included an upscale jewelry store, shoe store, travel agency, coffee shop, hair salon, cigar bar, and fitness center. The themed balcony above the shops and the sky ceiling give the illusion of walking through the streets of Spain under a glorious blue sky at sunrise.
- Interiors and exteriors for seven restaurants.
- This turnkey operation required framing, drywall, tile, plaster, paint and special finishes over architectural facades, cabinets, booths, signage and even included the plants on the shelves.
